○ SOCIAL → INNOVATION ≡ WEEK

Social Innovation Week San Francisco is an event using multiple platforms to introduce new methods and concepts in five different sectors:

Energy
Design
Food
Culture
Environment

SIWeek will include a variety of workshops, exhibitions, lectures and film screenings celebrating organizations leading innovation in social and community good.

Partnering with AIGA SF and Compostmodern, SIWeek encourages community involvement and aims to inspire the next generation of designers, engineers and creative leaders.

ABOUT THE WEEK

During Social Innovation Week, companies and organizations innovating in the fields of Energy, Design, Food, Culture and the Environment will build experiences that explore, exhibit and discuss their work.

SIWeek SF attendees will choose events and exhibitions they wish to experience via SIWeek.com.

SIWeek SF will have as many as 10–15 events each day involving each highlighted sector. These events will be held at galleries, venues and offices throughout San Francisco.

INNOVATION HEADQUARTERS

Innovation HQ will be the information center for all events throughout SIWeek.

Located in a central area to the city, HQ will be opened to the general public as well as event attendees to further showcase our partners, fellow innovators, and act as a coffee shop, design store and co-working space.

PRESENTERS

Preview Events offers our partners the opportunity to build their brand and audience through events and live activations. Preview designs platforms for outreach, data insights and demographic knowledge. Preview has created multi-platform activations and large scale events for numerous international organizations.

The San Francisco chapter of AIGA, the professional association for design, is one of the largest and most active in the country, representing over 1,600 designers in graphics, interaction, experience, motion, and affiliated fields in the Greater Bay Area.

compostmodern

Compostmodern is renowned for producing memorable events that inspire and guide people to transform products, services and lives through sustainable design. Launched in 2004 by AIGA SF, Compostmodern brings together international thought-leaders, designers, scientists, and artists to encourage creativity and innovation for a better future on this planet.
